Soon for the first time in history, there will be more women beyond menopause than have yet to go through it. Yet, amazingly, getting reliable, practical information about menopause isn't easy. Usually, the only information you're likely to find is in the glossy brochures from pharmaceutical companies scattered around your gynecologist's waiting room. If you're really persistent, you can hunt down an article or two in medical journals, but it's a safe bet that you'll be sound asleep long before you find straightforward answers, even to one of your practical questions.
