

AP Government Chapter 13 Notes: The Presidency

⇒ Who Can Become President?

- The delegates, after much debate, created a chief executive who had enough powers granted in the Constitution to balance those of Congress.
- The requirements for becoming president are outlined in **Article II, Section I**, of the Constitution.
 - Must be a natural born citizen.
 - Must be at least 35 years old
 - Been a resident for 14 years within the United States
- The most common previous occupation of presidents in this country has been the legal profession. Out of 43 presidents, 36 have been lawyers, and many have been wealthy.
- The average age at inauguration has been 54.
 - John F. Kennedy, at the age of 43, was the youngest elected president, and the oldest was Ronald Reagan, at age 69.
- All have been male, white, and Protestant, except JFK, a Roman Catholic.
- Presidents have been men of great stature – such as George Washington – and men in whom leadership qualities were not so pronounced – such as Warren Harding.

⇒ The Process of Becoming President

- Major and minor political parties nominate candidates for president and vice president at national conventions every four years.
- The nation's voters do not elect a president and vice president directly but rather cast ballots for presidential electors, who then vote for president and vice president in the **Electoral College**.
- It is possible to become president without having the plurality of the popular vote cast → three cases, candidates won elections even though their major opponents received more popular votes.
- No president has won a majority of votes from the entire voting-age population.
- On occasion, the Electoral College has failed to give any candidate a majority. At this point, the election is thrown into the House of Representatives. The president is then chosen from among the three candidates having the most electoral votes. Only two times in our past has the House had to decide on a President (1800 and 1824).
- In 1804, the 12th amendment clarified that the president and vice president be chosen separately.

⇒ The Many Roles of the President

- The Constitution speaks briefly about the duties and obligations of the president. Based on a brief list of powers and the precedents of history, the presidency has grown into a very complicated job that requires balancing at least 5 constitutional roles. It is worth noting that one person plays all of these roles simultaneously and that the needs of these roles may at times come into conflict. These are:
 - **Chief of State** – ceremonial head of state – as chief of state, the president engages in a number of activities that are largely symbolic or ceremonial, such as the following:
 - Decorating war heroes
 - Throwing out the first ball to open the baseball season
 - Dedicating parks and post offices
 - Receiving visiting chiefs of state at the White House
 - Going on official state visits to other countries
 - Making personal telephone calls to astronauts
 - Representing the nation at times of national mourning, such as after the 1998 bombing of two American embassies in Africa.
