Can Your Relationship Be Saved:

Can Your Relationship Be Saved? Michael S. Broder, 2002 The title of this book captures one of the most commonly explored issues that I have dealt with in my office over the past three decades as a practicing clinical psychologist Thus begins Dr Broder's wise and compassionate guide to assessing a faltering love relationship and answering the fundamental question asked by the book's title Broder addresses individuals and couples in marriages or any other type of love relationship or romance long or short term and of any sexual orientation His 40 item Can Your Relationship Be Saved Inventory asks the rights questions But readers are not left there The chapters that follow gently guide them in exploration of what is likely to happen if What if I go What if I stay Readers will find direction in answering those questions for themselves and the information and strategies to help them act on their decisions Can Your Relationship Be Saved speaks in a warm unabashedly upbeat and optimistic manner directly to the painful ambivalence that results when you are unable to determine how you really feel Broder's guidance is packed with practical road maps and direction finders avoiding glibness cliches pat answers or someone else's value judgments that will rarely hold up for you in the end **Sync Your Relationship, Save Your Marriage** Peter Fraenkel, 2011-03-15 Award winning couples therapist Peter Fraenkel argues that most relationship problems can be traced to partners being out of sync on the powerful but mostly hidden dimension of time Differences in daily rhythms personal pace punctuality time perspective and priorities about how time is allocated can all lead to couple conflict Yet the fascinating fact is that these polarizing time differences play a potent role in attracting lovers in the first place In this trailblazing new book he draws on his original research to show how a clearer understanding of these forces can improve the health of your relationship and even rescue a failing one **Savings and Loans News**, 1921 Stage II Relationships Earnie Larsen, 2013-02-26 Offers clear and practical techniques for couples and families who have faced the issue of addiction and are now striving to bring health and vitality to their relationships *Financial Review and American Building Association News*, 1921 *Ten Natural Remedies That Can Save Your Life* James F. Balch, 1999 Dr James Balch's first book established him as one of the most trusted authorities in the fields of alternative and homeopathic medicine Now with this practical introduction to ten important and often overlooked natural remedies his potentially life saving wisdom is more accessible than ever before Throughout his career in medicine Dr Balch has been committed to helping patients take charge of their own well being But how can people remain in control of their health if their doctors are unable or unwilling to teach them the basic principles of healthy living Dr Balch has found that many health care providers are woefully uninformed about preventative health measures and effective natural remedies relying instead solely on conventional courses of medication and surgery In *Ten Natural Remedies That Can Save Your Life* Dr Balch empowers readers to take action to protect their own health He provides them with a better understanding of the healthy body and suggests natural ways to overcome medical problems Using plainspoken common sense and anecdotal examples featuring his own patients Dr Balch

demystifies the language of health offering ten groundbreaking and readily available remedies that will help readers live longer and healthier lives
