Evaluation and Facilitation Rita Sinorita Fierro, Alissa Schwartz, Dawn Hanson Smart, 2016-03-09 Join the conversation between evaluation and facilitation. This issue explores the interplay between the two and how one practice can inform the other. The authors represent both the evaluation and facilitation fields describing underlying concepts that inform their practices the competencies they seek to develop the choices they make about facilitation in the work they do and how they gauge success. This issue brings together topics meant to stimulate the curiosity of evaluators and facilitators and encourage reflection on their work and the skills needed to carry it out. This is the 149th issue in the New Directions for Evaluation series from Jossey Bass. It is an official publication of the American Evaluation Association.

Chain of Title David Dayen, 2017-12-19 NOW IN PAPERBACK The gripping New York Times and Hitchcockian Publishers Weekly story of how a nurse a car dealership worker and a forensic expert took on the nation's largest banks. A Kirkus Reviews and The Week best book of the year. David Dayen's Chain of Title is a riveting work that recalls A Civil Action Erin Brockovich and Flash Boys recounting how three ordinary Floridians a car dealership worker a cancer nurse and an insurance fraud specialist helped uncover the largest consumer crime in American history challenged the most powerful institutions in America and for a brief moment brought the corrupt financial industry to its knees. Lisa Epstein Michael Redman and Lynn Szymoniak did not work in government or law enforcement. They had no history of anticorporate activism. Instead they were all foreclosure victims and while struggling with their shame and isolation they committed a revolutionary act closely reading their mortgage documents discovering the deceit behind them and building a movement to expose it. Harnessing the power of the Internet they revealed how the financial crisis and subsequent recession were fundamentally based upon a series of frauds that kicked millions out of their homes because of false evidence by mortgage companies that had no legal right to foreclose. As Rolling Stone's Matt Taibbi noted Chain of Title is a sweeping work of investigative journalism that traces the arc of a criminally underreported story in America the collapse of the rule of law in the home mortgage industry.
