

The Protestant Reformation

In the early 1500s, almost all Christians in Western Europe belonged to the Catholic Church, led by the Pope in Rome. The Church played a powerful role in people's lives—not just in religion, but also in politics, education, and economics. It owned land, collected taxes, and often worked closely with kings and emperors. Most people believed the Church spoke for God, and questioning it was considered dangerous.

But over time, many people began to see problems in the Church. Some priests were poorly trained. Some bishops were more interested in money than in helping people. One major issue was the selling of indulgences—certificates that promised forgiveness of sins in exchange for money. This made many Christians angry, especially those who believed that only God—not the Church—could forgive sins.

In 1517, a German monk named Martin Luther spoke out against these abuses. He wrote the 95 Theses, a list of arguments against the Church's teachings and practices. He wanted to reform the Church, but instead, his ideas started a movement that broke away from the Catholic Church. Luther and his followers became known as Protestants because they protested Church authority.

Luther's writings spread quickly, thanks to the invention of the printing press. Soon, other reformers like John Calvin and Henry VIII also challenged the Pope's power in different ways. As a result, Europe became divided. Some countries stayed Catholic, while others became Protestant. These divisions caused wars and conflicts, but they also led to new ideas about self-government, freedom of religion, and local control of churches—ideas that would later influence democracy and federalism.

As you read the following documents, think about how the Reformation changed not just religion, but also government, politics, and culture. *How did the Protestant Reformation challenge the power of the Catholic Church and change Europe?*
