Building Business Acumen towards Sustainability Dr.C.Nagadeepa, Dr.Ibha Rani, Dr.Arti Singh, Dr.Raja Kamal Ch, Building Business Acumen towards Sustainability is a thought provoking and enlightening book that delves into the intersection of business acumen and sustainability Compiled and edited by a team of

renowned researchers and this collection of research papers offers valuable insights and practical strategies for organizations aiming to navigate the challenges of the modern business landscape while prioritizing sustainability. The book begins by establishing a comprehensive understanding of business acumen, emphasizing its significance in driving strategic decision making and achieving long term success. It explores the various dimensions of business acumen including financial literacy, market analysis, risk management, and innovation. By highlighting the importance of a holistic understanding of business operations, the book sets the stage for integrating sustainability into these core competencies. Central to the book's narrative is the recognition that sustainability is no longer a choice but a necessity for businesses operating in the 21st century. The research papers provide an in depth examination of the environmental, social, and economic challenges facing organizations, elucidating the interconnectedness between these domains and their impact on long term business viability. By presenting compelling case studies and empirical evidence, the book illustrates how organizations can effectively incorporate sustainability principles into their operations and drive positive outcomes. One of the key strengths of *Building Business Acumen Towards Sustainability* is its focus on actionable strategies. The research papers not only provide theoretical frameworks but also offer practical guidance for implementing sustainable practices within organizations of various sizes and industries. From adopting circular economy principles to enhancing supply chain sustainability, the book covers a wide array of topics and provides step by step approaches for integrating sustainability into existing business models. Moreover, the book emphasizes the role of leadership in fostering a culture of sustainability within organizations. It explores the qualities and competencies required of leaders to drive sustainable change, highlighting the importance of stakeholder engagement, ethical decision making, and long term thinking. By showcasing successful examples of sustainable leadership, the book inspires readers to embrace their role as change agents and advocates for a more sustainable future. Whether you are an academic, business professional, or sustainability enthusiast, this book offers a wealth of knowledge and inspiration to foster positive change and drive sustainable outcomes.
