**Affiliate Marketing Tutorial** Noe Kalmus, 2021-08-16 Affiliate marketing is the process of earning money commissions every time you promote a company's products or services and drive a sale. You only get paid every time you drive a sale, just like a commission-only sales representative. The idea behind it is that you promote other people's products often through an affiliate network, earning a commission if people actually end up buying thanks to your marketing. It's based on revenue sharing. If you have a product and want to sell more, you can offer promoters a financial incentive through an affiliate program. If you have no product and want to make money, then you can promote a product that you feel has value and earn an income from it as an affiliate marketer. This book was written to be an indispensable handbook for all affiliate managers and merchants alike
