

## Zone of Proximal Development

Lev Vygotsky identified the Zone of Proximal Development as the difference between what a learner is able to do independently and what a learner can do with guidance and support from more capable peers or adults.

Things learners cannot do

Things learners can do with help

Zone of Proximal Development: Things learners can do with help

What is learning? Learning is the idea of finding something new.

What can we learn to do by ourselves? What can we learn to do with help? What is the zone of proximal development?

What is the zone of proximal development? The zone of proximal development is the difference between what a learner is able to do independently and what a learner can do with guidance and support from more capable peers or adults.
