

## Political Ideology Survey

- submitted by Barbara Heller, East-Minoa Syracuse High School

University of Virginia Center for Politics

**Purpose:** Students very often have little understanding of the meaning of ideological terms. While these terms are often vague and elusive to adults as well, it is possible through this survey and the subsequent two lessons for students to glean a sophisticated comprehension.

**Objectives:**

1. The student will examine her/his political beliefs.
2. The student will explain the difference between liberal and conservative political points of view.
3. The student will discern the significance of political ideology in examining political issues.

**Key Words:**

liberal	Second Amendment
conservative	ideology/political ideology

**Materials:**

1. Blackboard and copies of the handout *Ideological Survey*. An interactive version is available on the Youth Leadership Initiative CD-ROM "A More Perfect Union".
2. Sample editorials posted with this lesson:
  - a. *Gun Control Isn't Crime Control*
  - b. *Smith and Wesson accepts Gun Safety Pact*
  - c. *Jamie's Got a Gun*
3. Copy of the Second Amendment

**Procedures:**

1. Create five columns on the board, labeling them as follows from left to right: "strong liberal," "moderate liberal," "moderate," "moderate conservative," and "strong conservative." Ask students to characterize themselves as one of the five without your explaining the meaning of the terms and tally their responses under each column.
