regarding the use of the property It is a job for people with strong personalities who also know how to get along with a wide variety of people It requires computer skills the ability to communicate effectively in person and in writing and a willingness to pitch in and get your hands dirty if the situation calls for it This would be especially the case when someone is starting out As an assistant real estate manager you are more likely to help out the maintenance and janitorial staff when there is a mess that needs cleaning up Where can it lead From an entry level position the job can grow into a senior management role It also serves as a great training ground for getting into real estate sales and even into purchasing or developing your own real estate projects
