**Modern Czech Theatre** Jarka Burian, 2002-04-25 The story of Czech theatre in the twentieth century involves generations of mesmerizing players and memorable productions Beyond these artistic considerations however lies a larger story a theatre that has resonated with the intense concerns of its audiences acquires a significance and a force beyond anything created by striking individual talents or random stage hits Amid the variety of performances during the past hundred years that basic and provocative reality has been repeatedly demonstrated as Jarka Burian reveals in his extraordinary history of the dramatic world of Czech theatre Following a brief historical background Burian provides a chronological series of perspectives and observations on the evolving nature of Czech theatre productions during this century in relation to their similarly evolving social and political contexts Once Czechoslovak independence was achieved in 1918 a repeated interplay of theatre with political realities became the norm sometimes stifling the creative urge but often producing even greater artistry When playwright V clav Havel became president in 1990 this was but the latest and most celebrated example of the vital engagement between stage

and society that has been a repeated condition of Czech theatre for the past two hundred years In Jarka Burian s skillful hands Modern Czech Theatre becomes an extremely important touchstone for understanding the history of modern theatre within western culture **Contemporary Czech Literature** , *Contemporary Czech* Michael Henry Heim,1976
