**HBR Guide to Better Business Writing** Bryan Garner, 2013-01-15 DON'T LET YOUR WRITING HOLD YOU BACK  
When you're fumbling for words and pressed for time you might be tempted to dismiss good business writing as a nicety. But it's a skill you must cultivate to succeed. You'll lose time, money, and influence if your e-mails, proposals, and other important documents fail to win people over. The HBR Guide to Better Business Writing by writing expert Bryan A. Garner gives you the tools you need to express your ideas clearly and persuasively so clients, colleagues, stakeholders, and partners will get behind them. This book will help you: Push past writer's block. Grab and keep readers' attention. Earn credibility with tough audiences. Trim the fat from your writing. Strike the right tone. Brush up on grammar, punctuation, and usage. [The Graphic Designer's Guide to Better Business Writing](#) Ruth Cash-Smith, Barbara Janoff, 2010-06-29 Visual thinking: graphic designers sometimes struggle to express themselves clearly and effectively in writing. Now there's help. The Graphic Designer's Guide to Better Business Writing teaches graphic designers how to write compelling business communications. Created especially to address the needs of graphic designers, this handy guide breaks the writing process down into simple, easy-to-understand stages and offers practical writing and presentation models that designers can put to use immediately. Real-life examples cover an array of essential topics: writing winning resumes and cover letters, landing accounts, writing polished letters and reports, creating design briefs, and much more. As a bonus, the authors include time-saving insider tricks of the trade gleaned from interviews with design professionals and creative directors from across the country. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business, and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

**Guide to Better Business Writing**, 2001 [Schaum's Quick Guide to Great Business Writing](#) Suzanne Sparks FitzGerald, 1999 This Schaum's Quick Guide shows students and professionals how to write for business clearly, concisely, and to the point in various kinds of communications. [Uncommon Law of Learned Writing 2.0](#) Chinua Asuzu, 2023-09-10 As lawyers, we must not, in hot pursuit of common law, outrun common sense. The dread of that eventuality prompted this book. Uncommon Law of Learned Writing 2.0 promotes common sense in legal language. Plain language, which is commonsensical, broadens access to legal documents, thus democratizing the law. If democracy is government of the people, by the people, and for the people, law is the language in which government interacts with the people; it's the language of democracy. The people whose government speaks through law must understand what is said. No democratic society should brook legalese, a dense, verbose dialect known only to lawyers. What, then, should society do to redress the lawyer-induced obscurity? A Shakespearean

character had an alarming proposal The first thing we do let s kill all the lawyers Apparently that proposal was not enthusiastically endorsed which explains why we re still here A milder remedy enrolling lawyers in language classes has been mooted which explains why this book is in your hands Uncommon Law of Learned Writing 2 0 motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries This book is as sweeping and authoritative a treatment of its subject as you can find anywhere
