*Institution of Civil Engineers ... 2003 Conference Proceedings* ,2003 **Ecological and Health Effects of Building**  
**Materials** Junaid Ahmad Malik, Shriram Marathe, 2021-08-07 This book deals with the present adverse effects of using  
precarious building materials on the ecology and human health Also the detailed discussions on the novel and greener  
construction materials and their utilization as an alternative to the conventional harmful existing methods and materials are  
also presented in the subsequent chapters This book helps to fill the research gaps in the existing prior art knowledge in the  
field of sustainable construction and green building materials and methods giving due importance to ecology and health  
specifically to the fields of sustainable structural engineering sustainable geotechnical engineering sustainable road  
engineering etc This book helps in achieving a sustainable environment through possible adoption of innovative and  
ecological construction practices Hence this book acts as a practical workbook mainly for the academicians and practicing  
engineers who are willing to work toward the consecrated building industry It is a well established fact that the constructions  
of the engineering structures consume more and more earth resources than any other human activities in the world In  
addition the construction related activities will produce several million tons of greenhouse gases toxic emissions water  
pollutants and solid wastes This creates a huge impact on environment and causes severe health issues on humans and  
animals It is thus important to create an eco friendly construction environment which can satisfy the ecological and health  
requirements

**AI for Our Planet: How Artificial Intelligence can Solve Global Challenges** K. Hemachandran, Raul  
Villamarin Rodriguez, Manuel Rincon, Himanshu Joshi, Alberto Acereda, 2026-01-27 *AI for Our Planet How Artificial*  
*Intelligence Can Solve Global Challenges* brings together insights from leading scholars and industry experts to examine the
