Lespinasse, 2022-01-04 In 1957 Duke Ellington released the influential album *A Drum Is a Woman* This musical allegory revealed the implicit truth about the role of women in jazz discourse jilted by the musician and replaced by the drum Further the album s cover displays an image of a woman sitting atop a drum depicting the way in which the drum literally obscures the female body turning the subject into an object This objectification of women leads to a critical reading of the role of women in jazz music If the drum can take the place of a woman then a woman can also take the place of a drum *The Drum Is a Wild Woman* Jazz and Gender in African Diaspora Literature challenges that image but also defines a counter tradition within women s writing that involves the reinvention and reclamation of a modern jazz discourse Despite their alienation from bebop women have found jazz music empowering and have demonstrated this power in various ways *The Drum Is a Wild Woman* explores the complex relationship between women and jazz music in recent African diasporic literature The book examines how women writers from the African diaspora have challenged and revised major tropes and concerns of jazz literature since the bebop era in the mid 1940s Black women writers create dissonant sounds that broaden our understanding of jazz literature By underscoring the extent to which gender is already embedded in jazz discourse author Patricia G Lespinasse responds to and corrects narratives that tell the story of jazz through a male centered lens She concentrates on how the Wild Woman the female vocalist in classic blues used blues and jazz to push the boundaries of Black womanhood outside of the confines of respectability In texts that refer to jazz in form or content the Wild Woman constitutes a figure of resistance who uses language image and improvisation to refashion herself from object to subject This book breaks new ground by comparing the politics of resistance alongside moments of improvisation by examining recurring literary motifs cry and response the Wild Woman and the jazz moment in jazz novels short stories and poetry comparing works by Ann Petry Gayl Jones Toni Morrison

Heritage in North America** Mwalimu J. Shujaa, Kenya J. Shujaa,2015-07-13 The Encyclopedia of African Cultural Heritage
in North America provides an accessible ready reference on the retention and continuity of African culture within the United
States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as
transmitted from one person to another Second that African people continuously create their own cultural history as they
move through time and space Third that African descended people living outside of Africa are also contributors to and
participants in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable
to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be
created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic
political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of
individuals and political and economic ties and more on processes and manifestations of African cultural heritage and
continuity FEATURES A two volume A to Z work available in a choice of print or electronic formats 350 signed entries each
