Clio's Laws Mauricio Tenorio-Trillo, 2019-12-16 Offering a unique perspective on the very notions and practices of storytelling history memory and language Clio's Laws collects ten essays some new and some previously published in Spanish by a revered voice in global history Taking its title from the Greek muse of history this opus considers issues related to the historian's craft including nationalism and identity and draws on Tenorio Trillo's own lifetime of experiences as a historian with deep roots in both Mexico and the United States By turns deeply ironic provocative and experimental and covering topics both lowbrow and highbrow the essays form a dialogue with Clio about idiosyncratic yet profound matters Tenorio Trillo presents his own version of an ars historica what history is why we write it and how we abuse it alongside a very personal essay on the relationship between poetry and history Other selections include an exploration of the effects of a historian's autobiography a critique of history's celebratory obsession and a guide to reading history in an era of internet searches and too many books A self-described exile Tenorio Trillo has produced a singular tour of the historical imagination and its universal traits

Translating Texts Brian Baer, Christopher Mellinger, 2019-11-22 Clear and accessible this textbook provides a step by step guide to textual analysis for beginning translators and translation students Covering a variety of text types including business letters recipes and museum guides in six languages Chinese English French German Russian and Spanish this book presents authentic research based materials to support translation among any of these languages Translating Texts will provide beginning translators with greater text awareness a critical skill for professional translators Including discussions of the key theoretical texts underlying this text centred approach to translation and sample rubrics for self assessment this coursebook also provides easy instructions for creating additional corpora for other text types and in other languages Ideal for both language neutral and language specific classroom settings this is an essential text for undergraduate and graduate level programs in modern languages and translation Additional resources are available on the Routledge Translation Studies Portal <http://routledgetranslationstudiesportal.com>

Guide to the Library of Congress Classification Lois Mai Chan, Sheila S. Intner, Jean Weihs, 2016-09-26 Like earlier editions this thoroughly updated sixth edition of the classic textbook provides readers with a basic understanding of the Library of Congress Classification system and its applications The Library of Congress Classification system is used in academic legal medical and research libraries throughout North America as well as worldwide accordingly catalogers and librarians in these settings all need to be able to use it The established gold standard text for Library of Congress Classification LCC the sixth edition of Guide to the Library of Congress Classification updates and complements the classic textbook's coverage of cataloging in academic and research libraries Clear and easy to understand the text describes the reasoning behind assigning subject headings and subheadings including use of tables explains the principles structure and format of LCC details notation tables assigning class numbers and individual classes and covers classification of special types of library materials The last chapter of this perennially useful

resource addresses the potential role of classification in libraries of the future
