**Technovisuality** Helen Grace, Amy Chan Kit-Sze, Wong Kin Yuen, 2015-12-23 How should we regard the contemporary proliferation of images Today visual information is available as projected printed and on screen imagery in the forms of video games scientific data virtual environments and architectural renderings Fearful and anti visualist responses to this phenomenon abound Spread by digital technologies images are thought to threaten the word and privilege surface value over content Yet as they multiply images face unprecedented competition for attention This book explores the opportunities that can arise from the ubiquity of visual stimuli It reveals that technovisuality the fusion of digital technology with the visual can work wonders not so much dazzling audiences with special effects as reviving our enchantment with popular culture

Introducing a new term for an entirely new field of academic study this book reveals the centrality of technovisuality in 21st century life *Children's Spatialities* Julie Seymour, Abigail Hackett, Lisa Procter, 2016-04-02 Drawing from a wide range of disciplines including anthropology sociology architecture and geography and international contributors this volume offers

both students and scholars with an interest in the interdisciplinary study of childhood a range of ways of thinking spatially about children's lives *Black Women, Agency, and the New Black Feminism* Maria del Guadalupe Davidson, 2017-02-17 The powerful Beyoncé formidable Rihanna and the incalculable Nikki Minaj Their images lead one to wonder are they a new incarnation of black feminism and black women's agency or are they only pure fantasy in which instead of having agency they are in fact the products of the forces of patriarchy and commercialism More broadly one can ask whether black women in general are only being led to believe that they have power but are really being drawn back into more complicated systems of exploitation and oppression Or are black women subverting patriarchy by challenging notions of their subordinate and

exploitable sexuality In other words who is playing who Black Women Agency and the New Black Feminism identifies a generational divide between traditional black feminists and younger black women While traditional black feminists may see for example sexualized images of black women negatively and as an impediment to progress younger black women tend to embrace these new images and see them in a positive light After carefully setting up this divide this enlightening book will suggest that a more complex understanding of black feminist agency needs to be developed one that is adapted to the complexities faced by the younger generation in today s world Arguing the concept of agency as an important theme for black feminism this innovative title will appeal to scholars teachers and students interested in black feminist and feminist philosophy identity construction subjectivity and agency race gender and class

**Deleuze and Gender** Claire Colebrook,Jami Weinstein,2008 Unlike other philosophers whose work can be applied to questions of sex and gender Deleuze s philosophy was motivated by the problem of desire and difference Over the last three decades feminist theory gender theory and queer theory have been revolutionised and rejuvenated by Deleuze s provocation to consider sexual difference beyond the paradigm of the Oedipal family and Western humanism In this volume a series of prominent critical theorists extend Deleuze s already radical philosophy into ideas of the post human truth reading sexual difference and gender politics Moving beyond the tired debates surrounding sex gender and representation these essays consider difference positively and provocatively opening up new directions for the study of sexuality

its keen insight into Guattari's political practice and from a precise understanding of how this practice relates to the theoretical and conceptual aspects of Guattari's writings alone and with Gilles Deleuze Thanks to an approach at once personal and theoretically well informed Bifo's biography provides a clear and accessible introduction to Guattari's works This edition also includes a critical introduction and a 2005 interview with Bifo on a range of topics relating Guattari's works to the current political conjuncture
