## **Cinefex Blade Runner:**

**Blade Runner: The Inside Story** Don Shay, 2003-06-01 A reprint of the 1982 extended issue of Cinefex magazine devoted to the design and special effects of Ridley Scott's sci-fi masterpiece Retrofitting Blade Runner Judith Kerman, 1991 This book of essays looks at the multitude of texts and influences which converge in Ridley Scott's film Blade Runner especially the film's relationship to its source novel Philip K Dick's *Do Androids Dream of Electric Sheep* The film's implications as a thought experiment provide a starting point for important thinking about the moral issues implicit in a hypertechnological society Yet its importance in the history of science fiction and science fiction film rests equally on its mythically and psychologically resonant creation of compelling characters and an exciting story within a credible science fiction setting These essays consider political moral and technological issues raised by the film as well as literary filmic technical and aesthetic questions Contributors discuss the film's psychological and mythic patterns important political issues and the roots of the film in *Paradise Lost* *Frankenstein* detective fiction and previous science fiction cinema **Cinefex**, 2008 The journal of cinematic illusions **Blade Runner 2020 Foresight** Don Shay, 1982 **Techniques of Special Effects of Cinematography** Raymond Fielding, 2013-04-11 First published in 1985 Exactly 20 years have passed since the first edition of this text appeared in 1965 During this period the author has gathered feedback from professional film making circles This fourth revision introduces new information in nearly all chapters 130 new illustrations have been added many of them illustrating feature films which are currently in release The bibliography has also been enlarged considerably The contributions of the visual effects cinematographer have always been valued highly within the theatrical motion picture industry Because of their work film producers have been able to endow their pictures with considerable production value which the budget could not otherwise sustain *Alien Vault* Ian Nathan, 2019 *Alien Vault* is the ultimate tribute to a film that changed cinema forever **The Empire of Effects** Julie A. Turnock, 2022-06-14 2024 Finalist Marshall McLuhan Outstanding Book Award Media Ecology Association How one company created the dominant aesthetic of digital realism Just about every major film now comes to us with an assist from digital effects The results are obvious in superhero fantasies yet dramas like *Roma* also rely on computer generated imagery to enhance the verisimilitude of scenes But the realism of digital effects is not actually true to life It is a realism invented by Hollywood by one company specifically Industrial Light Magic The Empire of Effects shows how the effects company known for the puppets and space battles of the original *Star Wars* went on to develop the dominant aesthetic of digital realism Julie A Turnock finds that ILM borrowed its technique from the New Hollywood of the 1970s incorporating lens flares wobbly camerawork haphazard framing and other cinematography that called attention to the person behind the camera In the context of digital imagery however these aesthetic strategies had the opposite effect heightening the sense of realism by calling on tropes suggesting the authenticity to which viewers were accustomed ILM's style on display in the most successful films of the 1980s and beyond was so convincing that other studios

were forced to follow suit and today ILM is a victim of its own success having fostered a cinematic monoculture in which it is but one player among many **American Cinematographer** ,1990 Blade Runner and the Cinema of Philip K.
