Seize the Moment-Beshert Abraham N. Fenster, Ph.D., 2009-04-06 Seizing the moment at

the attosecond of time is when it is meant to be The author relates to how scientific theories can be integrated into an overarching explanation of how the macro workings of the infinite universe are intertwined with the micro activities of an individual s activities in the physical world and how this can be blended with the unseen world of spirituality of the universe as coexisting parallel intertwined worlds Science and spirituality are not in opposition to one another but complement each other and provide a more revealing explanation to our fundamental questions of is it meant to be or is it meant to be Beshert In the process of trying to determine the complex concepts implied by meant to be the author explores how one can have a predetermined existence and make free will decisions at the same time Detailing some of the author s own Beshert life experiences he ultimately concludes that one must recognize the spirituality teachings of Kabbalah and current scientific hypothesis of the Unified Theory to understand this complex question of how does free will have a role in predetermination

God's Invisible Signature Gautam Bagchi,2022-12-24 Does God exist Has anyone seen God Since the earliest times human beings have been looking for answers How did we all come into existence How the universe was created Where did the laws of nature come from How the life forms have appeared and the intelligent life evolved How did the human mind develop such skills to understand the hidden mathematics behind the invisible laws of nature Probably there is no way to know the truth also As truth sometimes is beyond us even in mathematics can we interpret the great mathematician Kurt Godel and say that we would never be able to know the ultimate truth i e the cause of the creation of the universe from within it Scientific knowledge empowers us to solve the mysteries of nature at the same time it teaches us that more mysteries are there which are beyond our imagination we must be open to the idea of completely new possibilities Many other indications provoke thought among many scientists whether the universe appears to have been designed specifically for human life This book tries to explore if at all it is possible to find such answers to know the ultimate truth **A Bell Curve** Andrew

Friend,2011-06-07 From earliest times humanity has sought to understand its place and role in the world has sought for meaning Wherever human beings are to be found myth and extra historical record of who we are has always played a vital role in this regard Traditional religion by comparison has only emerged in the last 2 500 years This book summarizes the history of mans religious endeavors and shows how much of religion over time has anything but aided its followers in their journey through life Because traditional religion is failing to meet our spiritual needs people are moving from heteronomy to autonomy as they assume responsibility for their own journeys A continuing survey begun at the turn of the century reveals that 36 percent of the participants believe that the American dream is achieved through spiritual fulfillment A never ending stream of articles in a variety of journals bear witness to the this trend as well as to the many new means now exercised in order to nourish ones spirituality The relevance of myth has been renewed while that of religion is in decline in the West Martin Luthers pronouncement Every man is a priest is becoming a fact *The Planet You Inherit* Larry L.
