t waste my time and effort trying to become something I am not nor ever could be It s not exactly the same with becoming a leader but it s also not as easy as most think it is We think Hey give me the title of a manager or VP or CEO and I automatically become a leader But that s not how it works And the people who work under you are the ones who will suffer This book won t make you something you are not If it could I would charge a lot more for it But it can help you be the best you can be and can help true leaders spot other potential leaders by examining how they stack up against these attributes I start with the must haves and then discuss other more pragmatic aspects of being a manager or leader of people I talk to other leaders and get their insight as well And finally I challenge managers employees and senior leaders with some evergreen New Year s Resolutions Start the journey with an open mind and a willing heart to become a leader without losing your soul
